

## 2014-SUMMER SEMESTER COURSE OUTLINE

MAJOR	SUBJECT		Registration No.	PROFESSOR	CREDIT	CLASS TIME	CLASSROOM	OUTLINE
ALL	CORE	UNDERSTANDING OF SAEMAUL SPIRIT	0001	LEE Mi-Sook	3	MON 9:00-12:00 THU 16:00-19:00	PSPS 402	This is to develop general understanding of SAEMAUL UNDONG and SAEMAUL study. Therefore basic theories and characteristics of SAEMAUL study are introduced. SAEMAUL spirit should be developed accordingly to changed circumstance and reality in order to establish foundation of SAEMAUL study. In this context, not only initial three key spirits of SAEMAUL UNDONG, hard working, self-help, cooperation are understood, but the value of volunteering and creativeness is also discussed for SAEMAUL sprit in 21st century. In addition, Korean community development model is explored through comparative research between SAEMAUL study and various community development models.
	CORE	UNDERSTANDING OF KOREAN SOCIETY	0005	PARK Seung-Woo, MOON Yong-Sun, Wendy Worthington	3	MON 16:00-19:00 THU 13:00-16:00	PSPS 402	This is to review substance of Korean culture in different periods and areas based on understanding of Korean history and people; to study functions and roles of Korean culture; and to do research on the effects of culture on national development. Further direction of development is explored through in-depth study of community culture and identity of different region. Also relevant subjects are discussed including how healthy community and Korean culture should be developed based on understanding of culture at regional and national level. Korean culture is explained in the context of modern society and fashion. Korean culture is reorganized through modern science and telecommunication technique and how to make it known to the world is investigated. In addition, through comparative study of culture policies between Korea and other counties, how to develop Korean culture policy and culture industry is researched.
	CORE	ACTIVITY A	0003	NAM Pil-Bong	1	WED 14:00-16:00 FRI 13:00-15:00	A11-305	SAMULNORI (Only for 2nd semester students who entered 2014-1st semester)
	CORE	ACTIVITY B	0004	NAM Pil-Bong	1	WED 16:00-18:00 FRI 15:00-17:00	A11-305	SAMULNORI (Only for 2nd semester students who entered 2014-1st semester)
	CORE	ACTIVITY C	0002	KIM Si-Yong	1	WED 16:00-18:00 FRI 15:00-17:00	E04-114	TAEKWONDO (Only for 3rd semester students who entered 2013-3rd semester)
SAEMAUL UNDONG THEORY AND PRACTICE	MAJOR	SAEMAUL PLANNING	0006	RHO Wha-Joon	3	WED 13:00-16:00 THU 9:00-12:00	PSPS 402	SAEMAUL planning includes comprehensive subjects as a course to study planing process required to develop effective community development in SAEMAUL UNDONG. Problems raised in economic, geographical, and organizational context of community and strategies for effective SAEMAUL planning based on residents-led community development in order to address to those problems are explored. In particular, practical knowledges are discussed including SAEMAUL planning process and analytical skills in planning. Moreover, practical foundation is established to analyse circumstances of community, to examine problems and to present how to advance the community by applying SAEMAUL planning process into practice.
		FIELD STUDY IN SAEMAUL UNDONG2	0008	LEE Mi-Sook	1	TBA	TBA	Time and place: To be announced
SAEMAUL UNDONG THEORY AND PRACTICE/ INTERNATIONAL DEVELOPMENT COOPERATION	MAJOR	CASE STUDY OF SAEMAUL UNDONG	0007	LEE Jeong-Ju	3	TUE 14:00-17:00 WED 9:00-12:00	PSPS 402	This is to analyse comparatively SAEMAUL UNDONG cases in Korea and around the world based on SAEMAUL UNDONG theory. SAEMAUL UNDONG is one of the major factor in economic development and industrialization in Korea through community spirit of residents, residents' self-leadership, formation of environmental and resource friendly villages, and principle of sustainable development. Therefore, in this course, factors which make SAEMAUL UNDONG successful in Korea as well as further challenges are analysed in various case studies. Based on these case studies, global SAEMAUL UNDONG cases around the world are also discussed to find out problems and alternatives. At the end, sustainable global SAEMAUL UNDONG model is explored for alleviating global poverty and developing the third world countries.
INTERNATIONAL DEVELOPMENT COOPERATION	MAJOR	SEMINAR IN INTERNATIONAL DEVELOPMENT COOPERATION2	0009	CHO Sam-Gwang, KIM Ki-Su, HAN Dong-Geun	3	THU 16:00-19:00 FRI 9:00-12:00	PSPS 602	This course is the second of a sequence of two seminar courses. It also focuses on best practice models of international development cooperation from both micro-and macroeconomic perspectives. Students will be assigned group presentation project with topics that are fieldwork and case study oriented.
		FIELD STUDY IN INTERNATIONAL DEVELOPMENT COOPERATION 2	0010	KIM Ki-Su	1	TBA	TBA	Time and place: To be announced

MAJOR	SUBJECT		Registration No.	PROFESSOR	CREDIT	CLASS TIME	CLASSROOM	OUTLINE
FOREST RESOURCES AND ECOLOGICAL RESTORATION	MAJOR	FOREST ECOLOGY	0012	SIN Joon-Whan	3	MON 13:00-16:00 TUE 9:00-12:00	PSPS 602	This course deals with 1) roles of woody species in the ecosystem, 2) various environmental factors which influence the forest, and 3) responding strategy of woody species to the environmental changes, on the basis of understanding of a forest ecosystem which encompasses 1) the distribution of plant species in the forest, 2) interrelationship between plant individuals and environmental factors, 3) competition between plant individuals, and 4) symbiotic relations. In the class, tree growth, competition between woody species, competition between woody species and other organisms, interrelationship between woody species and environment, adaptation mechanisms of trees to changes in environment, structure and functions of a forest ecosystem, the changes of a forest ecosystem in time and spaces, forest succession, and ecological forest managements are also studied.
		FOREST AND SHORT-TERM INCOME	0011	LEE Don-Koo, KIM Yong-Shik	3	TUE 14:00-17:00 WED 9:00-12:00	PSPS 602	This course covers what forest resources are useful as good income sources in a short period. Those resources include mainly non-timber forest products (NTFP). Among the NTFPs in Korea, fruits/nuts, saps, mushrooms, wild flowers and medicinal herbs are dealt in the class. Forest farmers in Korea dealing with those items described above and their productivities and incomes are introduced in the class. A field trip to farming areas of short income generation is scheduled for discussion.
		FIELD STUDY IN FOREST RESOURCES 2	0013	LEE Don-Koo, KIM Yong-Shik	1	TBA	TBA	Time and place: To be announced
PUBLIC POLICY AND LEADERSHIP	MAJOR	POLICY SEMINAR2	0016	HONG Sung-Woong	3	MON 13:00-16:00 SAT 13:30-16:30	PSPS 502	This is a seminar course on various topics about economic development and leadership. Topics may reflect students' interests and current issues. Students will submit a term paper on the topic they have chosen at the end of semester.
