Seminar

Development Policy: Theories and Practices

Instructor: Sung Woong Hong, Ph.D

hongynu22@hotmail.com

COURSE DESCRIPTION

Development experiences in Korea could be valuable in formulating development strategies in other developing countries. However, the applicability of the Korean experiences need to be evaluated carefully in light of local contexts. The course reviews the development policies of newly industrialized countries including Korean as well as the economic advancement and modernization in the world history. The schedules and topics of class outlined below will be finalized after the discussion in the class accommodating student's special areas of interest as much as feasible,

EVALUATION

Final grades will be determined on the basis of:

Mid-term Evaluation (20%)

Final Evaluation (25%)
