MAJOR	대상	REMARKS	교과목명	REGISTRATION NUMBER	SUBJECT	CREDIT	CLASS HOUR	CLASSROOM	PROFESSOR	LIMIT NUMBER OF STUDENTS	REMARKS	OUTLINE
ALL STUDENTS EXCEPT FOR KOREAN	KOREAN LANGUAGE CLASS 1A <u>(New Students)</u>			CLASSROOM AND TEACHER WILL BE NOTIFIED AT A LATER DATE ON THE PSPS WEBSITE.								KOREAN LANGUAGE CLASS & TEACHERS WILL BE ASSIGNED BY KOREAN LANGUAGE INSTITUTE
	KOREAN LANGUAGE CLASS 1B <u>(Those who have passed 1A)</u>			CLASSROOM AND TEACHER WILL BE NOTIFIED AT A LATER DATE ON THE PSPS WEBSITE.								KOREAN LANGUAGE CLASS & TEACHERS WILL BE ASSIGNED BY KOREAN LANGUAGE INSTITUTE
ALL MAJOR	1st semester students	ACTIVITY	특별활동1: 태권도	0007	ACTIVITY1 : TAEKWONDO(1A)	1	SAT 11:00 - 12:50	E04-114	KIM SIYONG	30	Compulsory	TAEKWONDO : For those students who take the TAEKWONDO class first.
	1st semester students	ACTIVITY	특별활동1: 태권도	0008	ACTIVITY1 : TAEKWONDO(1B)	1	SAT 13:00 - 14:50	E04-114	KIM SIYONG	30	Compulsory	TAEKWONDO : For those students who take the TAEKWONDO class first.
	2nd Semester Students	ACTIVITY	특별활동1: 사물놀이	0005	ACTIVITY1 : SAMULNORI(1A)	1	SAT 10:00 - 11:50	A11-305	NAM PILBONG	22	Compulsory	SAMULNORI :For those students who take the SAMULNORI class first.
	2nd Semester Students	ACTIVITY	특별활동1: 사물놀이	0006	ACTIVITY1 : SAMULNORI(1B)	1	SAT 12:00 - 13:50	A11-305	NAM PILBONG	22	Compulsory	SAMULNORI :For those students who take the SAMULNORI class first.
	2nd Semester Students	ACTIVITY	특별활동1: 음악	0009	ACTIVITY1 : MUSIC	1	WED 09:00 - 11:50	A11-306	HAN YONGHEE	36	Compulsory	MUSIC :For those students who take the MUSIC class first.
	1st semester students (Saemaul + IDC)	CORE	새마을정신의이해	0003	UNDERSTANDING SAEMAUL SPIRIT(A)	3	TUE 09:00 - 11:50	402	LEE JEONGJU	40		This is to develop general understanding of SAEMAUL UNDONG and SAEMAUL study. Therefore basic theories and characteristics of SAEMAUL study are introduced. SAEMAUL spirit should be developed accordingly to changed circumstance and reality in order to establish foundation of SAEMAUL study. In this context, not only initial three key spirits of SAEMAUL UNDONG, hard working, self-help, cooperation are understood, but the value of volunteering and creativeness is also discussed for SAEMAUL sprit in 21st century. In addition, Korean community development model is explored through comparative research between SAEMAUL study and various community development models.
	1st semester students (Public Policy, Forest, Environmental Management)	CORE	새마을정신의이해	0004	UNDERSTANDING SAEMAUL SPIRIT(B)	3	TUE 09:00 - 11:50	502	LEE MISOOK	40		This is to develop general understanding of SAEMAUL UNDONG and SAEMAUL study. Therefore basic theories and characteristics of SAEMAUL study are introduced. SAEMAUL spirit should be developed accordingly to changed circumstance and reality in order to establish foundation of SAEMAUL study. In this context, not only initial three key spirits of SAEMAUL UNDONG, hard working, self-help, cooperation are understood, but the value of volunteering and creativeness is also discussed for SAEMAUL sprit in 21st century. In addition, Korean community development model is explored through comparative research between SAEMAUL study and various community development models.
	2nd Semester Students + <u>All KEITI students (Compulsory)</u>	CORE	환경정책과지속가능발전	0012	ENVIRONMENTAL POLICY AND SUSTAINABLE DEVELOPMENT	3	TUE 09:30 - 12:20	307	KIM JONGDAL	55		This course will examine theoretical background and policy effectiveness of various environmental policies, and also investigate major issues of the contemporary sustainable development concept. Case studies of domestic and foreign environmental policies will also be covered. The course will emphasize the importance of relevant policy mix among environmental, economic, industrial, urban, and transportation polices in attaining sustainable development.
	2nd Semester Students	CORE	사회조사방법론	0001	Social Research Methodology(A)	3	MON 09:00 - 11:50	602	HWANG SUNG SOO	40		This is to develop practical skills and theoretical understanding of research methods required to examine and analyse phenomena in community. For this purpose, quantitative methods as well as case study methods based on qualitative analysis are taught in order to analyze data and write research report. Students will be able to find out problems in community and analyse them with statistical skills after studying a wide range of research process including research design, conceptualization, data collection, data processing and analysis, and interpretation. Through these research methods and skills, changes of community are well understood and how to develop the community is explored.
	1st semester students + <u>All KEITI students (Compulsory)</u>	CORE	사회조사방법론	0002	Social Research Methodology(B)	3	MON 09:00 - 11:50	307	LEE YOHAN	70		This is to develop practical skills and theoretical understanding of research methods required to examine and analyse phenomena in community. For this purpose, quantitative methods as well as case study methods based on qualitative analysis are taught in order to analyze data and write research report. Students will be able to find out problems in community and analyse them with statistical skills after studying a wide range of research process including research design, conceptualization, data collection, data processing and analysis, and interpretation. Through these research methods and skills, changes of community are well understood and how to develop the community is explored.
	2nd Semester Students	CORE	한국사회의이해	0010	Understanding Korean Society	3	WED 09:00 - 11:50	402	PARK SEUNGWOO	40		This is to develop practical skills and theoretical understanding of research methods required to examine and analyse phenomena in community. For this purpose, quantitative methods as well as case study methods based on qualitative analysis are taught in order to analyze data and write research report. Students will be able to find out problems in community and analyse them with statistical skills after studying a wide range of research process including research design, conceptualization, data collection, data processing and analysis, and interpretation. 	<u>4th Semester students (compulsory)</u>	THESIS RESEARCH	논문연구	-	THESIS RESEARCH	3	-	-	-	-	Compulsory	THESIS RESEARCH (Each major)

SAEMAUL UNDONG AND COMMUNITY DEVELOPMENT MAJOR	1st & 2nd Semester students	MAJOR	다문화와 개발협력	0014	Multiculturalism and Development Cooperation	3	WED 13:00 - 15:50	307	LEE KWANGSEOK	40		As various activities among different countries for cooperation have been significant and national boundaries have blurred through rapid globalization, marriages between different nationalities and international immigration to Korea are on the rise. As a result, Korean society is rapidly moving to multicultural society. In this context, this course is designed to understand the concept of international development; to reveal recent trends and approaches of international cooperation; and, in particular, to study the role of citizens' and local community in it. Moreover, multicultural societies and other relevant issues are discussed including globalization and movement of human resources, immigration and policy in other countries, formation process of multicultural society, and multiculturalism and its policy. Along with these theoretical studies, students have opportunities to develop practical understanding and knowledge through Korean cultural experience.
	1st & 2nd Semester students (Combined Class with IDC Major)	MAJOR	지역개발론	0018	Theories of Community Development	3	THU 09:00 - 11:50	402	JEON GYEONG GOO	40		In this course students will study about various theories of community development in different academic disciplines in social sciences. They will learn about the significant meaning of the community development, its strategy and methods, and recent theoretical trends. In addition, this course will also give students a chance to place 'community development' in the context of global social development and of our project for Millenium Development Goals (MDGs) and Post-2015 Development Agenda on Sustainable Development Goals (SDGs).
	1st & 2nd Semester students (Combined Class with IDC Major)	MAJOR	새마을운동실천기법	0015	SAEMAUL UNDONG Skills and Techniques	3	TUE 13:00 - 15:50	402	LEE MISOOK	40		This course is aimed at conducting research on practices of SAEMAUL UNDONG (SMU) and developing practical skills to be applied in the development of the community, based on SMU theories and methods. Student will be empowered as Saemaul leaders and will be able to apply SMU skills into their respective communities through studying various roles of experts and in practice. In addition, an applicable SMU practical model will be developed to cater for development of different countries and communities based on theoretical studies and development SMU skills and techniques that will be acquired during this course
	1st & 2nd Semester students	MAJOR	새마을운동현장학습1	0016	FIELD STUDY IN SAEMAUL UNDONG 1 (A)	1	-	-	LEE JEONGJU	19	Compulsory	This course provides students with an ample opportunity to take field trips to historic sites of SAEMAUL UNDONG movement. They are expected to observe the achievements of SAEMAUL UNDONG and other related data. The students will also have chances to talk with local residents who have participated in SAEMAUL UNDONG and have an interview with them. We will conduct pre- and post-field-trip sessions to prepare and feedback the results of the field trip in order to make the field study more effective.
	2nd Semester KOICA students only	MAJOR	새마을운동현장학습1	0017	FIELD STUDY IN SAEMAUL UNDONG 1 (B)	1	-	-	LEE MISOOK	28	Compulsory	This course provides students with an ample opportunity to take field trips to historic sites of SAEMAUL UNDONG movement. They are expected to observe the achievements of SAEMAUL UNDONG and other related data. The students will also have chances to talk with local residents who have participated in SAEMAUL UNDONG and have an interview with them. We will conduct pre- and post-field-trip sessions to prepare and feedback the results of the field trip in order to make the field study more effective.
INTERNATIONAL DEVELOPMENT COOPERATION MAJOR	1st & 2nd Semester students	MAJOR	국제개발협력:이슈와 토론	0019	INTERNATIONAL DEVELOPMENT COOPERATION: ISSUES AND DISCUSSION	3	WED 13:00 - 15:50	502	CHO HWANBOK	40		This course focuses on best practice models of international development cooperation from both micro- and macroeconomic perspectives. Students will be assigned group presentation project with topics that are fieldwork and case study oriented.
	1st & 2nd Semester students (Combined Class with Saemaul Major)	MAJOR	지역개발론	0018	Theories of Community Development	3	THU 09:00 - 11:50	402	JEON GYEONG GOO	40		In this course students will study about various theories of community development in different academic disciplines in social sciences. They will learn about the significant meaning of the community development, its strategy and methods, and recent theoretical trends. In addition, this course will also give students a chance to place 'community development' in the context of global social development and of our project for Millenium Development Goals (MDGs) and Post-2015 Development Agenda on Sustainable Development Goals (SDGs).
	1st & 2nd Semester students (Combined Class with Saemaul Major)	MAJOR	새마을운동실천기법	0015	SAEMAUL UNDONG Skills and Techniques	3	TUE 13:00 - 15:50	402	LEE MISOOK	40		This course is aimed at conducting research on practices of SAEMAUL UNDONG (SMU) and developing practical skills to be applied in the development of the community, based on SMU theories and methods. Student will be empowered as Saemaul leaders and will be able to apply SMU skills into their respective communities through studying various roles of experts and in practice. In addition, an applicable SMU practical model will be developed to cater for development of different countries and communities based on theoretical studies and development SMU skills and techniques that will be acquired during this course
	1st & 2nd Semester students (Except for the KEITI students)	MAJOR	국제개발협력현장학습1	0020	FIELD STUDY IN INTERNATIONAL DEVELOPMENT COOPERATION 1	1	-	-	KIM KISU	23	Compulsory	This course aims to enhance the students' understanding of international development cooperation and improve practical field skills including English communication and leadership skills through an overseas field study opportunity. Students will also learn report writing techniques for their study plan essay and post-trip report. Evaluation of performance includes presentation of field study report.
PUBLIC POLICY AND LEADERSHIP MAJOR	1st & 2nd Semester students	MAJOR	IT와 경제발전	022	IT AND ECONOMIC DEVELOPMENT	3	MON 13:00 - 15:50	402	KIM KISU	40	Compulsory	This course introduces diverse information technologies and their applications and studies how information technologies can be used for regional and national economic development especially in developing countries. Specifically, students study importance of information technology, impacts of information technologies on individual people, businesses, the society, and the state, and also learn new information technologies such as data management, network, electronic commerce, and wireless technologies with their applications. Based on these understanding they study how information technologies can be applied to make economic activities more efficient and effective and how new economy can be created by using information technologies as well. Further, cases of countries which adopted information technologies successfully for their economic development are introduced.
	1st & 2nd Semester students	MAJOR	정책과정론	0025	AGENDA-SETTING AND POLICY PROCESS	3	THU 09:00 - 11:50	502	PARK SANG CHEOL	40	Compulsory	This course examines public policy process, to study why and how policy is developed, applied, evaluated, and generally conducted as it is and how policies develop over time. In doing so, this course also deals with agenda-setting, particularly with the media and international organizations' influence in ODA policy development.

	1st & 2nd Semester students (Except for the KEITI students)	MAJOR	경제개발현장 학습1	0023	FILED STUDY ON ECONOMIC DEVELOPMENT 1	1	-	-	YI HUI UK	34	Compulsory	This course offers students an opportunity to visit field sites of economic development. Visiting sites include industrial complex, R&D centers, physical infra such as dams and expressways, and institutions involved in development policies. Students are required to submit a report regarding the sites they have visited.
FOREST RESOURCES AND ECOLOGICAL RESTORATION MAJOR	1st & 2nd Semester students	MAJOR	조림학	0029	SILVICULTURE	3	TUE 14:00 - 16:50	602	LEE DONKOO	11	Compulsory	SILVICULTURE deals with the theory and practice for the establishment and management of forest resources. The major topics are 1) silviculture for timber production, 2) silviculture for wildlife habitat, 3) silviculture for recreation activities, and 4) silviculture for biodiversity and conservation of species. Silviculture for timber production includes the theory and practice for seed production, seed treatment and seed storage, seedling production, nursery management, planting method, and tending such as thinning and pruning, natural regeneration, silvicultural systems and forest dynamics caused by stand treatment. Lecture also includes forest ecosystem management for sustainable yields in relation to the examples of forest management for wildlife, recreation, and biodiversity. Characteristics of propagation and tending methods of Korean native trees are also discussed. Finally, major topical and boreal tree species are introduced to the students.
	1st & 2nd Semester students	MAJOR	수목학	0028	DENDROLOGY	3	WED 13:00 - 15:50	602	KIM YONGSHIK	11	Compulsory	This course is to learn identification, distribution, taxonomic and silvical characteristics, and uses of an angiosperms and gymnosperms of Korea including introduced important forest tree species.
	1st & 2nd Semester students (Except for the KEITI students)	MAJOR	산림자원현장 학습1	0027	FIELD STUDY IN FOREST RESOURCES 1	1	-	-	LEE YOHAN	11	Compulsory	This topic deals with a broad understanding of relevant knowledges on forestry and ecological restoration through visits to government institutions, universities, research institutes, and factories which are relevant to the forestry sciences, as well as to sites of afforestation and ecological restoration.
ENVIRONMENTAL MANAGEMENT AND POLICY MAJOR	1st & 2nd Semester students	MAJOR	환경생태학	0033	ENVIRONMENTAL ECOLOGY	3	THU 13:00 - 15:50	602	JANG GAP SOO	20	Compulsory	This course aims at providing students an understanding of theories and practices in ecology as closely related to the environmental management and policy. Topics will include nature and human beings as well as land use, planning, design, and management. Students will pursue their own landscape ecology or environmental ecology.
	1st & 2nd Semester students	MAJOR	글로벌환경이슈	0030	Global Environmental Issues	3	MON 13:00 - 15:50	502	LEE YOHAN	20	Compulsory	Global environmental issues deals with the interface between humans and Earth, and explores the interactions and relations between them. The objectives of this course are to present well-established scientific principles and concepts that form the knowledge base for an understanding of our interactions with the natural environment and to give an assessment of options or progress in solving environmental problems. The lectures cover not only local or regional environmental problems but also global issues such as climate change, ozone layer destruction, and biodiversity loss.
	1st & 2nd Semester students + All KEITI students	MAJOR	환경관리및정책현장 학습1	0032	FIELD STUDY IN ENVIRONMENTAL MANAGEMENT AND POLICY 1	1	-	-	SEO YONG WON	23	Compulsory	This course provides students with a chance to make visits to various places where they can have an understanding of the society's collective efforts to resolve the problems of environmental destruction. Students will visit many governmental agencies, public institutions and environmental NGOs who are engaged in the environmental management and policy implementation.
