
Minor

1. Minors

The PSPS offers minor fields of study to provide students with the opportunity to broaden their education. The selection of a minor field of study shall be made to fulfil this goal.

To satisfy course requirements in the minor field of study, a student should obtain 6 credit hours of course work in a field of study other than his or her major during the 2nd and/or 3rd semester. The completed minor will be recorded on the diploma.

If the student cannot obtain the minimum 6 credit hours by the last semester, the minor completion will be canceled. Credits earned during the course may not be counted as course work in the minor, but will be counted as the major elective credits.

A student may select a minor in consultation with his or her advisor. The selection of minor is not mandatory, but highly recommended.

2. How to Apply for Your Minor

A student who registered the first semester is eligible to apply for his/her minor.

Fill out the attached form (Minor Application Form) and submit it to the PSPS administration office.

○ **Submission period:** 29 May (Wed) 9:00 AM ~ 31 May (Fri) 16:00 PM

○ **Approval notice:** 3 June (Mon), at PSPS website
